

Classical Conditioning Practice

1. Jubilee is beginning first grade. Everyday, the teacher walks into the classroom and loudly smacks a ruler on the desk, causing the children to jump. The teacher develops a habit of clearing her throat, "Uhhmm," and then slamming down the ruler. Soon all the teacher has to do is clear her throat and the children jump.

Label the following for this scenario:

- a. Unconditioned Stimulus (US) _____
- b. Conditioned Stimulus (CS) _____
- c. Unconditioned Response (UR) _____
- d. Conditioned Response (CR) _____

2. In school, Brendan has been conditioned to get up from his seat every time he hears the school bell ring. Brendan was sitting at McDonalds eating with friends, when a loud sound similar to the school bell rang from the kitchen. Without even thinking, Brendan jumped out of his seat at McDonalds.

Label the following for this scenario:

- a. Unconditioned Stimulus (US) _____
- b. Conditioned Stimulus (CS) _____
- c. Unconditioned Response (UR) _____
- d. Conditioned Response (CR) _____
